LINKNYC

Reach diverse audiences in America's Top Cities

From New York to LA and everywhere in between, people are on the go, experiencing the best of their cities. Wherever their journey takes them, our media is in high-traffic locations, connecting your brand with the right audience. Whether they're commuting, exploring their neighborhoods, or traveling farther, Intersection meets them there.

With advertising in the country's largest, busiest cities—like New York, Chicago, and Philadelphia—Intersection delivers scale and access to valuable audiences that other media can't match.

Covering key markets from coast to coast

The Intersection Difference New York City

The most comprehensive and targeted media solutions in New York City

- In New York, we reach 6.3 million people, or over 90% of the market, every single month
- 2.9 million New Yorkers live less than a 5 minute walk from a LinkNYC kiosk
- Largest streetside digital OOH network in NYC with over 4,000 screens

Source: Geopath, LinkNYC

Access to thousands of travelers & suburban commuters at New York Penn Station

- New York Penn Station is the largest and busiest Amtrak station in the Northeast Corridor.
- Amtrak's Northeast Corridor is the nation's busiest rail line. It spans 363 miles, connecting Boston, NY, and Washington, D.C.

Source: NJ TRANSIT 2024, njtransit.com

PATH

PATH provides direct access between New Jersey and Manhattan, keeping commuters moving

- 21MM+ passenger trips monthly
- Covers a service area of 5,300+ square miles
- 255 bus routes, 12 commuter rail lines, 3 light rail lines

Source: PATH 2024

Citi Bike® is the nation's largest bikeshare program and offers an unparalleled opportunity to engage active, on-the-go New Yorkers

- 25,000 bikes and over 1,800 stations across Manhattan, Brooklyn, Queens, and the Bronx
- Delivers over 330 million monthly impressions across their vast network of stations, with 95% monthly reach in Manhattan

Source: Geopath, Lyft

Street Media

With static and dynamic digital formats, Intersection's street-level media is strategically placed throughout a consumer's daily route. From LinkNYC and digital urban panels to street banners, creative and messaging is always prominent, eye catching, and on-target.

Link

LinkNYC is NYC's largest street-level digital network, with 4,000+ screens city-wide that let you target specific locations or audiences, schedule dayparts around commute or retail hours, and swap creative instantly for high-impact, measurable results.

Specs

Screen Size	55"
Resolution	1920 H x 1080 W

Link Wraps

Link Wraps turn city sidewalks into your brand's exclusive, high-impact stage. This activation lets you dominate popular pedestrian corridors with a hand-selected network of 10 fully wrapped kiosks, delivering 100% SOV accompanying screens with static wraps. These takeovers capture attention in real time and are designed to leave an impression.

*All creative is subject to city approval

Appendix

The background of the slide features a high-angle, slightly blurred photograph of a city street. A prominent white-striped crosswalk runs horizontally across the center. Several pedestrians are captured in motion, their figures softened by a slight blur, suggesting a busy urban environment. The image is overlaid with a color gradient that transitions from a vibrant yellow-green on the left to a deep teal-blue on the right. A solid yellow vertical bar is positioned on the far left edge, partially overlapping the gradient.

Three ways to develop attribution strategies:

1

CLIENT SUPPORT & CASE STUDIES

- Intersection provides case examples on how our media works for client's industry and use case
- While these studies don't measure client specific performance, they can show indicative performance

Ideal for: Smaller Campaigns, Limited Budgets

2

DATA INTEGRATIONS

- Intersection provides full report of ad play logs including timestamps, unit latitude/longitude data for client's use with their existing attribution partner
- Partners can also buy programmatically through a DSP and PlaceExchange

Ideal for: Clients with existing attribution partners or who can also buy via a DSP

3

CUSTOM RESEARCH STUDIES

- Intersection reviews clients needs and creates a comprehensive research study opportunities with a preferred partner
- Intersection coordinates, designs, executes, and analyzes research from partner and presents to advertiser

Ideal for: Large or complex campaigns, comprehensive research, agencies

Pharmaceutical audience segmentation & targeting can accurately pinpoint healthcare consumer audiences

*Crossix connects health, non-health and media data with sources spanning Rx, clinical, claims, consumer, media and more. The Crossix Data Platform covers 90% of people in the US and 99% of HCPs.
