MONORAIL FULL WRAP

Reach diverse audiences in America's Top Cities

From New York to LA and everywhere in between, people are on the go, experiencing the best of their cities. Wherever their journey takes them, our media is in high-traffic locations, connecting your brand with the right audience. Whether they're commuting, exploring their neighborhoods, or traveling farther, Intersection meets them there.

With advertising in the country's largest, busiest cities—like New York, Chicago, and Philadelphia—Intersection delivers scale and access to valuable audiences that other media can't match.

The Intersection Difference Las Vegas

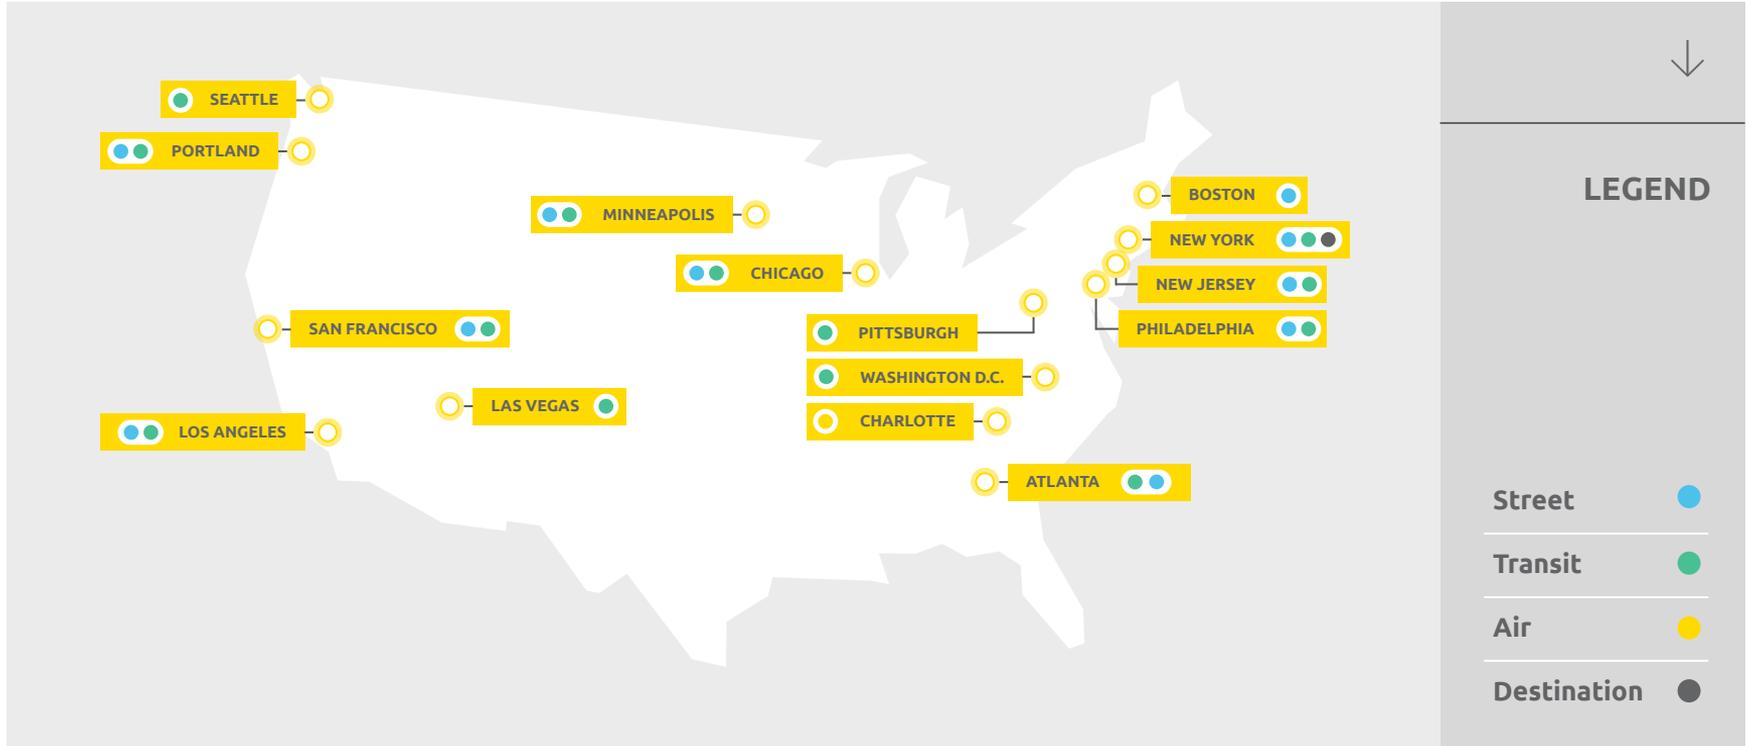

Las Vegas is the most popular city to visit in America for national tourists.

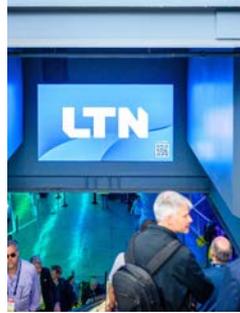

- Las Vegas hosts more than 41MM visitors and over 22K conventions annually.
- The Monorail is visible to 10K hotel rooms, and ~40k+ vehicles per day, with significantly more during conventions.
- Harry Reid International Airport saw a record-breaking 58MM visitors in 2024.
- 97% of Monorail riders are visiting for business, pleasure, or both.

Join our mission to support public transit and improve the lives of consumers in Las Vegas

The Las Vegas Monorail is the primary form of transportation for visitors, connecting them to popular hotels and venues along the Las Vegas Strip. The Loop Tunnel, located beneath the Las Vegas Convention Center, moves event-goers to and from conference halls and nearby hotels.

We support our transit partners by generating revenue – **totaling over \$1B in payments to municipalities over the last 10 years** – largely to support public mobility.

Las Vegas Monorail

Where business and pleasure meet

- Adjacent to the Las Vegas Strip, the Monorail transports more than 5MM passengers along the 3.9 mile route annually.
- The monorail connects to the 4.6 MM sq ft Las Vegas Convention Center, one of the busiest convention facilities in the world, located near approximately 150K guest rooms.

Loop Tunnel

Greeting the world's innovators

- The underground transportation system moves thousands of convention attendees throughout the more than 200-acre Las Vegas Convention Center campus, 40 feet beneath the ground, in all-electric Tesla vehicles.
- More than 94K riders use the system during the Convention Center's largest events
